

THE UNIVERSITY OF SOUTHERN MISSISSIPPI
FOUNDATION

January 10, 2024

Mr. Matthew T. Perez
Delta Mu Alumni Association of Pi Kappa Alpha Fraternity
c/o Edward J. Langton
P.O. Box 15637
Hattiesburg, MS 39404-5637

Dear Matt,

I hope this letter finds you surrounded by warmth and joy after the holiday season. With immense gratitude and a profound sense of appreciation, I am pleased to share information about the scholarship recipient(s) you are supporting during the 2023-2024 academic year.

Your support is a lifeline to deserving students, offering them financial support and the knowledge that someone cares about their journey. Your investment in education goes beyond the confines of monetary value. It is an investment in dreams and aspirations.

As we reflect on the impact of your generosity, we are reminded that education is not just about acquiring knowledge. It is a transformative journey that empowers individuals to reach their fullest potential. Your support has empowered our Golden Eagles and instilled confidence and purpose that will undoubtedly resonate throughout their lives.

We hope you enjoy learning more about the student(s) you have impacted at USM. Please accept our deepest thanks for championing the success of our students and making a difference in their lives.

Southern Miss To The Top!

Stace Mercier
Executive Director

2023-2024 Recipient of the
**PI KAPPA ALPHA FRATERNITY
SCHOLARSHIP ENDOWMENT**

LOGAN SNOW

Hometown: Ocean Springs, Mississippi

Major: History (Soc Studies Licens)

Academic Level: Sophomore

ABOUT LOGAN

I was born and raised in Ocean Springs Mississippi. Both of my parents went to college and wanted me to have a good education, and there was no better place for me to go than Southern Miss. I try to be as involved as possible in any fraternity events we have, and I plan on going to IFC in the future. In my spare time back home, I enjoy jet skiing up and down the bayou I live near. My favorite sport to play in my spare time is soccer.

AFTER GRADUATION

In my time in school, I plan to study history. My current major is history licensure. This will allow me to teach history in high schools after college. I plan to do this while going back to school for my masters degree. My favorite subject growing up has always been history and I'm excited to be able to learn more about the subject in my time at USM.

“Being able to receive this scholarship is truly amazing. As mentioned, I had no idea that joining Pike would help me the way it has today. It means a lot to me that Pike cares enough to allow me to receive these benefits and I plan on making Pike the best fraternity on the row.”

2023-2024 Recipient of the
**PI KAPPA ALPHA FRATERNITY
SCHOLARSHIP ENDOWMENT**

ANTHONY RADKA

Hometown: New Orleans, Louisiana

Major: Polymer Sci & Engineering

Academic Level: Junior

ABOUT ANTHONY

I am from New Orleans, Louisiana and came to USM in large part because of my parents' involvement in the Greek Life community. Some of my father's Fraternity brothers are so close that one is my older sister's god parents and my little brother is named after another. On campus I am currently involved in the Honors College and off campus work at Anatomies Fitness as a Crossfit Trainer.

AFTER GRADUATION

My plans after my time at USM currently are to pursue a PhD in biomedical engineering, chemical engineering, or polymer engineering. Ideally during that time I would be able to create my own startup producing biomedical materials. Skills such as networking and professionalism that I have gained through the Fraternity will be essential for those goals.

“Being chosen for this scholarship is humbling as there are many great members who are also deserving. Your faith in my capabilities to serve this Fraternity well is encouraging and I look forward to making alumni proud.”
